Journal Articles (Published)

- **Recurrent Imputation Network with Patterned Output (RINPO) for Sparse Data.**
Knowledge and Information Systems, 2026.
DOI: 10.1007/s10115-026-02708-2.
Shahzaib Ur Rehman, **Muhammad Saood Sarwar**.
- **Hybrid Quantum-Classical Machine Learning for Enhanced PCOS Classification.**
Quantum Machine Intelligence, 2025.
DOI: 10.1007/s42484-025-00307-y.
Muhammad Saood Sarwar, Shahzaib Ur Rehman.
- **Identification of Rhythmic Sounds Patterns by Emotion Recognition Using Landmark and Euclidean Distance Techniques.**
Journal of Image Processing and Intelligent Remote Sensing, 2023.
DOI: 10.55529/jipirs.33.27.35.
Muhammad Saood Sarwar, Zain-ul-Abideen.

Conference Papers (Published)

- **Deep Feature Extraction with Pretrained CNNs for Sorghum Leaf Disease Classification Using SVM.**
International Conference on Frontiers of Information Technology (FIT), 2025.
DOI: 10.1109/fit67061.2025.11333699.
Muhammad Saood Sarwar, Shahzaib Ur Rehman.
- **Enhancing Amazon Product Review Analysis by Using Bidirectional LSTM Neural Networks for Deep Multi-Domain Sentiment.**
19th International Conference on Emerging Technologies (ICET), 2024.
DOI: 10.1109/icet63392.2024.10935260.
Muhammad Saood Sarwar, Umer Asgher, Shahzaib Ur Rehman.

Under Review (Journal)

- **Q-SPRINT: A QUBO-Inspired Structured Pruning and Fine-Tuning Framework for Model Compression in Digital Pathology.**
Submitted to: *Machine Learning*, 2026.
Status: Under Review.
Type: Journal.
Muhammad Saood Sarwar.

- **FDTD-Based Synthetic Dataset Generation and Quantum Ensemble Learning for Enhanced Microwave Tumor Localization.**
Submitted to: *Quantum Machine Intelligence*, 2026.
Status: Under Review.
Type: Journal.
Muhammad Saood Sarwar, Shahzaib ur Rehman.
- **A Quantum-Classical Hybrid Framework for Robust Medical Diagnostics via MCMC-Parameterised QUBO Optimization.**
Submitted to: *International Journal of Quantum Information*, 2026.
Status: Under Review.
Type: Journal.
Muhammad Saood Sarwar, Omar Usman Khan.
- **RSU: A Novel Rectified Sine Unit Activation Function for Robust Pathological Diagnosis Across Multi-Cancer Datasets.**
Submitted to: *Sensing and Imaging*, 2026.
Status: Under Review.
Type: Journal
Muhammad Saood Sarwar, Shahzaib Ur Rehman, Hafeez Anwar.

Under Review (Conferences)

- **Scalable CNN-LSTM Intrusion Detection for Fog Nodes: Bridging Simulation and Deployment.**
Submitted to: *Mediterranean Conference on Emerging Technologies and Systems (MCETS), 2026)*
Status: Under Review.
Type: Conference
Muhammad Saood Sarwar, Syed Hassnain Abbas, Syed Muhammad Ali Musa
- **Scalable CNN-LSTM Intrusion Detection for Fog Nodes: Bridging Simulation and Deployment.**
Submitted to: *23rd IBCAST2026 (23rd International Bhurban Conference on Applied Sciences & Technology, 2026)*
Status: Under Review.
Type: Conference
Muhammad Saood Sarwar, Raqeeb, Nashwa Raheem, Fatima Khan.
- **Evaluating Feature Extraction Robustness for Morphologically Complex Scripts under Extreme Data Scarcity: A Study on Dot-Dependent Character Recognition.**
Submitted to: *ICET 2026 21st International Conference on Emerging Technologies*
Status: Under Review.
Type: Conference
Muhammad Saood Sarwar, Shahzaib ur Rehman, Syed Hassnain Abbas.
